

Our Class Website

This year our third grade class has a website, www.msgetskow.com, which will be used to keep up to date on classroom happenings and even to share student work. This website is a wonderful tool that students and parents can use to check on class assignments and projects, access grades, and print resources that may have been lost or misplaced. On our website, we can post writing assignments, PowerPoint projects, pictures, and videos. In order for any of your child's work or picture to be featured on our website, it is required that parent consent is given. Please fill out the following form and return to school. If you do not want your child to participate, that will be fine. If that is the case, please let me know.

Thank you,

Ms. Getskow
