Repeated Reading

Time yourself reading the passage each night for one minute and keep track of how many correct words per minute you read. Record your reading below.

My name is Sonia and I live in a big city. One May morning, I 15
looked out my window. I saw five deer grazing in my garden. They 28
dad walked far looking for food. Then they had wandered into the 40
city. Everyone in my neighborhood came to see them. 49

Then we had bad news. The deer would starve in the city. The 62
woods where the deer lived had been cut down to build roads and 75
towns. There was no place for the deer to go. So the city's animal 89
control office was going to shoot the deer. 97

The people in my neighborhood all said that we would not let the 110
deer be shot! We called a wildlife rescue worker who finds new 122
homes for animals in danger. Then we stayed by the deer all day and 136
night to keep them safe until help came. 144

The next morning, the wildlife rescue worker came. He took the 155
deer to some woods away from the city. There the deer would be safe 169
and have lots to eat. We were all happy that we had worked together 183
to help the deer. Everyone in my neighborhood became better friends. 194
I still like to think of the deer in their new home. 206

My goal is to read at least 110 words per minute with 0-2 errors.

This is what I did:
